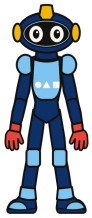
Locked Cages



Every row, every number once.

Use 1, 2, and 3 once in every row AND column.

The thick lines enclose cages. Add to each cage total.

Write numbers or make number tiles. Try it, check it, change it.

Total 6	2	Total 5
	Total 7	

Show why: choose a row, column, or cage.

For grown-ups: accept any grid that meets every rule.

Key: rows 1 2 3 / 3 1 2 / 2 3 1. Totals: 6, 5, 7.
