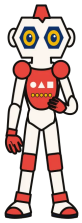
Lab Project: a fraction museum

Make a display you can show someone at home.



Build three exhibits using same-size paper strips.

Exhibit A: 1/2 = 3/6

Draw or attach your aligned strips here.

Exhibit B: 1/4 = 2/8

Draw or attach your aligned strips here.

Exhibit C: your own equivalent pair

Draw or attach your aligned strips here.

My evidence: the colored lengths match because...

Show the display, explain one pair, and invite a check.
